2022-23 Pre-Pay Program

June 1, 2022

Dear Valued Customer,

We are offering our Pre Pay Program again this year to all of our automatic delivery customers. This program saved folks a lot of money last season, as we saw prices rise throughout the winter, and especially after the Christmas holidays. Our price is \$3.999 for the 2022-23 season (September 1, 2022 through April 30, 2023). You may buy all the oil that you used in the prior year, with a minimum purchase of 300 gallons. Payment is due by Friday July 29, 2022 at 2:00 PM (the "Due Date"). **The price is subject to change if not paid in full on this date.** All other invoices for service work performed will be billed separately. If pre-pay funds get depleted during the season, additional deliveries will be charged at the posted rack price. Any funds remaining in your pre-pay account may be used for future deliveries or may be refunded to you at the end of the season. There is no right to a refund of any monies paid if you cancel automatic delivery or cancel deliveries before April 30, 2023. In the event of cancellation, any remaining balance will be forfeited as liquidated damages. No additional discounts apply. Please note that no interest shall be due or payable on any credit balances on your account. **By making payment by the Due Date, you agree to be bound by the terms of our Pre Pay Program as outlined in this letter.**

Please contact the office if you have interest in participating in the Pre Pay Program. We can assist you in determining the amount of your payment and answer any questions you may have. Or, if you know the number of gallons you would like to purchase via credit card, you may enter that information online – please state the number of gallons you are pre-paying in the "Description" box from your computer or phone and you will be all set. **Please enter into the Pre Pay Program thoughtfully and carefully. The price of fuel oil will be locked in for the term of the Program, and will not fluctuate up or down with the market.** Thank you in advance for your attention to this matter.

For those of you participating in the Budget Payment Program, I wanted to recommend using our convenient online credit card payment system which will save you stamps and ensure that your account gets credited monthly. The mail service has been getting worse and this year is another election year which really seems to challenge the system to keep up. The credit card companies charge a fee but I hope to save the cost of paper and stamps for both of us – and the reliability of the credit card system means you will have money in your account for your fuel purchases. Please call the office at (610) 435-9657 if you would like to skip the paper and just use the online system.

Sincerely,

Weaver Fuels
